

### **Jerzy Kmity's Methodological View of the World**

**ABSTRACT.** In this article an attempt is made to outline Jerzy Kmity's basic methodological position. He was one of the founders of the Poznań School of the Methodology of Science. The development of his views on scientific cognition is presented in a chronological order.

**KEY WORDS:** decision rationality, humanistic interpretation, functional-genetic explanation, essentially corrective correspondence, historical explanation, nomological formulas, frame regularities, social-regulative theory of culture
